

Connect, Protect & Evolve

with Technology Solutions from TFE

TFE has been earning trust and serving the unique needs of our clients with unparalleled expertise for 20 years. We pride ourselves on being considered by our clients as a single-vendor solution that works consistently to solve problems quickly and effectively, regardless of complications and obstacles.

www.tfeconnect.com

Our strategic, turnkey technology solutions include:

Collaboration & Voice

We support all requirements for servers, workstations, cabling systems and communications devices to keep you connected effectively, in addition to expert auditing, design and implementation.

- Unified Communications
- Video Conferencing
- Unified Messaging
- Huddle Space
- Interactive Panels
- Mass Notification (Intercom/Paging)

Data & Storage

With strategies for more effective data storage and cloud solutions, we can help you lower costs and increase resource utilization and control.

- Disaster Recovery
- Consolidated Storage
- Backup
- Racks, Power, Cooling
- Virtualization and VDI

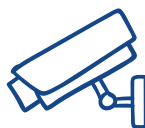

Cybersecurity

The digital security landscape is constantly changing, and maintaining a proactive and agile approach to cybersecurity is critical to mitigating risk and potential losses.

- Cloud Security
- Malware Protection
- Intrusion Prevention Service (IPS)
- Next Generation Firewalls

Physical Security

Security Connected – that's our motto when it comes to providing the most effective and up-to-date physical security solutions designed to protect the things that matter.

- Video Surveillance
- Access Control
- Mass Notification – Emergency Alerts
- Intrusion Detection System (IDS)

Audio / Visual

Leveraging our knowledge and experience in the network, we have successfully evolved A/V industry solutions by actively listening to our clients.

- Large-Scale Audio
- AV Room Control
- Audio and Video Distribution
- Projection TV/Displays
- Digital Signage
- Bell/Clock/PA

Cabling & Connectivity

Offering a full range of copper and fiber solutions, we can handle limitless drops for your facility and other projects to meet your business needs and goals.

- Structured Cabling (Data/Voice/Video)
- OSP
- Cable/Rack Management
- Fiber Testing and Termination
- Wireless/Mobility
- LAN/WAN Infrastructures

**Contact TFE to discuss how we can help you
implement these solutions.**
